Move with Us

It's an exciting time for City College Coventry as we complete our move to Swanswell in January 2009. We close the doors to the Butts Centre in December 08 and all courses will be transferred to the Swanswell Phase Two building, next door to Phase One which we opened in September 2007. The completed buildings for City College Coventry represent one of the largest capital investments in further education in the City's history.

Coventry Technical College and Tile Hill College were well regarded Coventry institutions. In one way it is an end of an era, but I prefer to look at it as a beginning of a new future as the college relocates to Swanswell. We look forward with confidence.

We look forward to welcoming you to our new home. Come on, move with us.

Arts Week and the Fashion Show

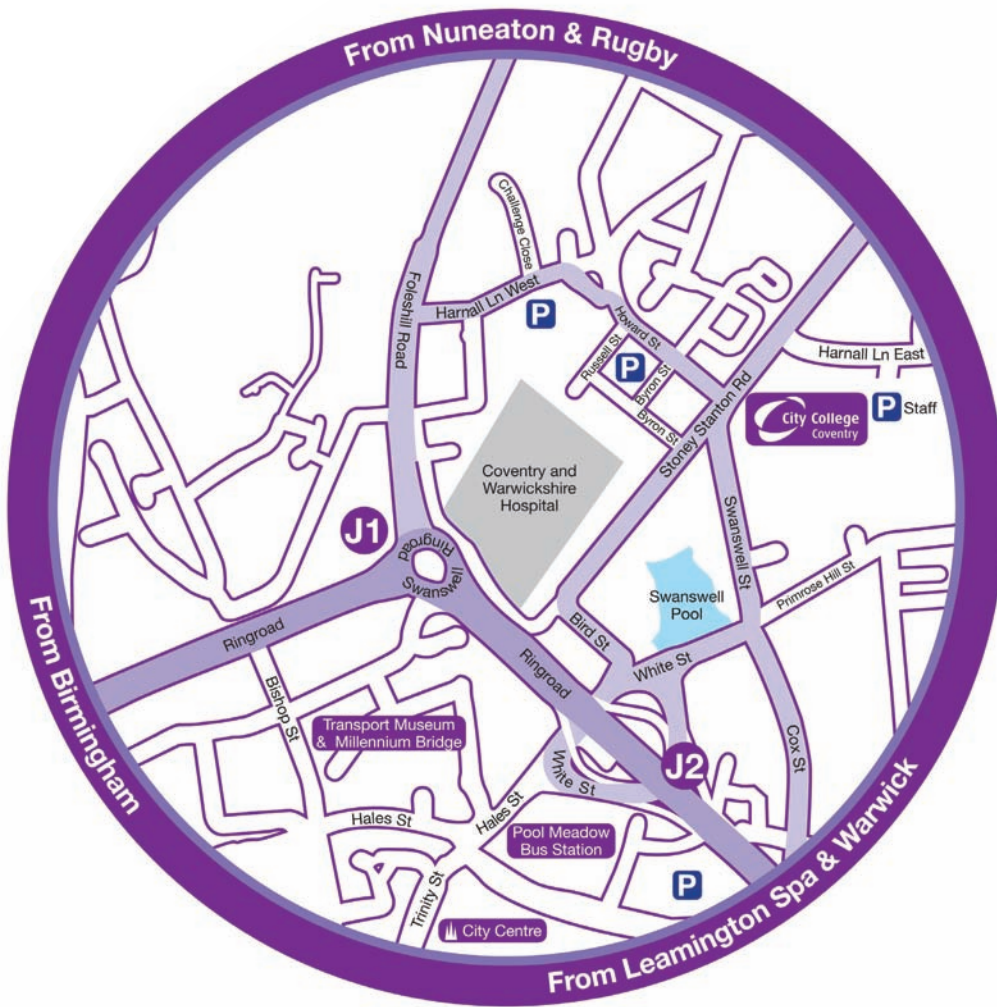

Students from the School of Performing and Creative Arts will be holding their annual showcase of creative talent at Swanswell in June.

This years Arts Week is very special because it will be the first one to be held at Swanswell. Students will celebrate their artistic achievements by displaying a selection of their work, which will include paintings, photography and graphic designs. As ever the highlight of Arts Week will be the College Fashion Shows where fashion students demonstrate their designs in a professional cat walk show open to the public.
